Toast the Ghost!

You look like you might have seen a ghost, so offer a toast! Once in a while Betsy has been known to give enigmatic hugs. Other times the ketchup will move, on its own. Water will turn on and off. The lights too, and we're sure we paid the bill. So if your drink starts to move around on its own, check for moisture first, and if that can't explain it, you may ask Betsy to leave it alone (or you may want to count how many you've had).
